

Find your new challenge as a

Mechanic (m/f/d)

Job ID: HAM-60548535 / Location: Hamburg / Working hours: Full time

What you can expect:

Join AERO | HighProfessionals - partner of Airbus and one of the largest personnel service providers in the aerospace industry. Get a permanent position with our customer, receive Equal Pay and lay the foundation for the potential takeover at Germany's largest aircraft manufacturer in Hamburg with your excellent work.

We offer you:

- Unlimited employment contract
- Above-average payment or Equal Pay
- Comprehensive support during the recruitment process and as an employee
- Attractive company pension plan
- Chance to be permanently hired Germany's largest airline company
- Flexible handling of overtime, such as time off in lieu or payout

For our customer in Hamburg, we are looking for a mechanic (m/f/d). The following tasks are within your field of activity:

- Reading orders, construction documents and regulations
- Preparation of tools, materials and auxiliary devices
- Comparison of the specified material with the order and construction documents
- Assembly of parts and components (e.g. using quick connectors)
- Positioning of components and building groups to each other and relative to reference points
- Assembly by means of screw connections (secure and torque), rivets or plugs

Your strengths:

As a mechanic (m/f/d) with our customer, you have:

- Successfully completed vocational training as a boat builder (m/f/d), Aircraft Mechanic (m/f/d) or another successfully completed training in the metalworking sector
- Some professional experience in the areas of manufacturing/production, aerospace and aeronautics and in equipment assembly
- Advanced knowledge of German and basic knowledge of English
- Willingness to work shifts

Employee conditions:

Hourly rate: 19 - 21 Euros depending on work experience and/or length of service.

WE LOOK FORWARD TO RECEIVING YOUR APPLICATION!
